# Questions & Answers

3-5-25

## **How large is the actual Monster Brochure?**

The Monster Brochure is an 11" x 25.5" printed on 100lb Coated Text (thickest paper made) with a AQ coating and is folded in half to create a 4-page brochure measuring 11" x 12.75" in the mailbox. The brochure is not tabbed so it flops open when handled and will be the largest piece of mail in the mailbox.

## **How does the FREE Marketing Consultation call work?**

Once you commit to invest in your first 4 or more-month Monster Brochure Advertising the CEO and Creator of Monster Brochure Advertising will call you and share what strategies he has found to be most effective for both online and print marketing to assure your maximum return on every penny you entrust with Monster Brochure Advertising.

## **Can I truly choose the courier routes within my market to be delivered to?**

YES, you absolutely can through our Monster Brochure Advertising Courier Route selection module in where you can list as many routes as you like you desire to be delivered in your defined market. Although we cannot guarantee all will be delivered to there is a good chance a high percentage of them will be as we take the most requested routes from all the advertisers in that Monster Brochure until we hit 20,000 mailboxes.

## **How often will the Monster Brochure go out in the market(s) I have selected.**

Your Monster Brochure(s) will go out every 30 days.

## **Can I get exclusivity in my industry and keep my competitors out?**

YES, you can get exclusivity by purchasing at least a ¼ Page Ad and providing 5 referrals to other non-competing business owners.

## **Do I really get \$100 in FREE Printing for each and every Monster Brochure Advertising Referral?**

Yes, as long as the promotion shows on this website or is presented to you by your salesperson, you will get a \$100 printing credit per referral who becomes a Monster Brochure Advertiser. Just spend \$300 on any product featured at Monster Wholesale Printing.com and receive \$100 off. Call In orders only.

## **How come your advertising rates are so low compared to other direct mail options?**

Since Monster Brochure Advertising is Nationwide serving numerous markets, we are able to work on very thin margins to assure the maximum ROI for all of our Monster Brochure Advertising Clients.

## **How does the BOGO offer work and how much can I save?**

With our BOGO offer that is offered in new markets only, you can purchase one market (20,000 mailboxes) and receive the 2<sup>nd</sup> market for half price. For a ¼ page that is over 31 square inches your cost per home is only 3.356 cents. For a full page that is 125 square inches your cost is a remarkably low 12.356 cents per home. THIS OFFER WILL DISAPPEAR FAST so take advantage of it while it is being offered.

## **Is there any additional cost to be on the front or back page of the 4-page brochure?**

NO, there is no additional cost since every month over a 4 month period all advertisers will see the front or back page every other month. With the Monster Brochure being just one sheet of folded paper, all advertising will be seen since you can't get lost in an envelope or on a page deep inside a magazine.

## **What makes Monster Brochure Advertising so effective when compared to other direct mail options?**

Let me first say all direct mail options can work for anyone if you have a compelling ad with a unique selling proposition that motivates prospects to call (we can teach you this). But with all being equal the key to any advertising is being seen and the chances of your ad being seen is exponentially higher with a 11"x25.5" piece of folded paper in a mailbox versus being stuck on an inner page of a catalog or stuck in an envelope that has to be opened and gone through to hopefully have your ad discovered. Also do remember, Monster Brochure Advertising is the only direct mail company offering exclusivity so not only is your advertising easily seen by 1000's of prospects you will not have to worry about being next to your competitors in the marketing brochure.

We cannot guarantee that every route will be hit in a given month but all routes will be delivered to every month but we will surely hit all of your chosen routes every other month.
